**General** (ASTM F 2373-11 Section 12) (CPSC #325-10 Section 2.2.6)

- Age appropriate signs or labels are installed.
- The correct user group is identified.
- Adult Supervision Required signs or labels are attached
- All play structures have a manufacturer's identification.
- Custom equipment also carries the identification of the designer.
- All play structures and composite play structures have a warning label.
- The signal word **WARNING** is on the warning label.
- The Safety Alert Symbol precedes the signal word on the warning label.
- The warning label has the following message.

Labels       Signs

Labels       Signs

**WARNING:** Installation over a hard surface such as concrete, asphalt, or packed earth may result in serious injury or death from falls.

The product warning labels meet legibility requirements.  
*(The site management must replace labels if they are missing or not legible)*

Equipment that is exempt from requiring surfacing is exempt from requiring warning label (ASTM F 2373-11 Section 12.4.1.3)

Swing seats intended for children who cannot sit up unaided must be labeled: "Intended for Children Who Cannot Sit Up Unaided". Labels shall be placed on the front and back of each swing seat and shall conform to all the requirements of ASTM F 2373-11 Section 12. (ASTM F 2373-11 Section 9.5.3.2 (7))

Where there are segments of the perimeters of play structures that do not require use zones, appropriate warning labels shall be provided to adult caregivers to not place objects adjacent to the play structure. (ASTM F 2373-11 Section 11.10.6)
